

Hall and District Collectors Club (HDCC) AGM Report 2018

The objective of the HDCC is to actively promote and encourage restoration, preservation and display of machines, equipment and collectables. HDCC events are family affairs. Partners and children are welcome to attend and enjoy.

It is my pleasure to once again present the HDCC ANNUAL REPORT 2017-18.

This is our 7th year as an affiliate and special interest group of the VHDP. Our numbers are slightly up at around 60 members. The weekly Friday evening get together is both a social and information sharing exercise.

At the moment there are 50 vehicles registered through our Club. We continue each year to comply with the Council of ACT Motor Clubs (CACTMC) and provide them with a list of our member's historic vehicles.

We share our venue at the Hall Showground with the Hall and District Axemen's Club. We continue our support and co-operation with Gold Creek Station, CSIRO Station, Hall Pony Club, Hall and District Axemen's Club and the National Sheep Dog Trials. We often supply our catering skills and volunteers to community groups. We support local extensive tree planting.

The National Sheep Dog Trials, held annually at the Hall Showground (for 50 years) has acknowledged our generous offer of free use of our Clubroom facility. HDCC will continue to fund and improve our clubroom. We will continue our field trips in 2018-19.

A program of events will be available to members. The Collectors Christmas Party venue will be announced soon.

The HDCC Treasurers Report will be submitted to the Auditor in the next week.

A BIG THANKYOU to members who stepped up to volunteer for the club office bearer duties.

AGM 2018-19 ELECTED Office bearers.

President: Bob Richardson.

Vice President: Andy Fulton.

Secretary: Bill Pearson.

Treasurer: Dennis Greenwood

Catering Manager: Brent Newbery.
