There is a better way.
Vote Liberal.

Commitment to Hall

The village of Hall and its rich history is a source of pride for the ACT. The Canberra Liberals will continue to work towards ensuring that the unique characteristics of the Village are maintained.

Tenure of the former Hall School site and the Hall Pavilion

The Canberra Liberals recognise the important role that the former School site and Pavilion play in the community. We support these important community assets being managed by the Hall community for community use.

As part of our commitment to the Hall community, we are open to giving autonomy for the former school site to the community. This commitment could include the establishment of a trust that would include ownership and management of the property. A Liberal ACT Government would commence discussions with the community about this opportunity.

Bush fire hazard reduction and fuel management

The Canberra Liberals support prioritising hazard reduction and fuel management across the Territory, including around Hall. The Party will have more to say about this commitment closer to the election.

Assessment, design and completion of appropriate works on stormwater infrastructure

The management, maintenance and upgrading of infrastructure should be core business for a local government. The Canberra Liberals will renew the focus of government on proper infrastructure planning, consideration for whole-of-life costs, greater attention on asset acceptance and a commitment to scheduled maintenance. As part of this focus, a Liberal ACT Government would assess the stormwater issues in Hall and schedule works according to engineering advice.

Vehicle safety

The Canberra Liberals commit to ensuring that the village of Hall remains safe and accessible for pedestrians, cyclists and motorists (including buses). The Canberra Liberals will have more to say about our commitment to footpaths, cycle paths and road maintenance closer to the election.

Adventure Trail and Natural Play Space

Through James Milligan MLA, the Canberra Liberals have been engaged in the discussions regarding the revitalisation of the park on Gladstone Street. The Party supports implementation of the project.

Long standing commitment to Hall

The Canberra Liberals are proud of our long-standing commitment to Hall. Over the last decade or so, the Canberra Liberals have advocated alongside the Hall community for safety at the bus stop, replacement of street signs, improved street lighting, pavement upgrades, oval restoration, supporting the community bank initiative and letters of support for Hall Museum grant applications. We have also enjoyed visits to the Museum, Men's Shed, concerts, reunions and Sheepdog Trials. Further to the above, the Party campaigned against the ACT Labor Government's closure of the Hall School.

An ACT Liberal Government will ensure that the Hall community is respected.
