

## Future of the Hall Reserve

### Seeking community input on the future of the Hall Reserve

The Village of Hall and District Progress Association is seeking feedback and suggestions from Hall & District community members on the future of the Hall Village Reserve.

The Reserve is the open land to the west of Victoria St between Loftus and Hoskins Streets opposite the school.

The Reserve is designated as an "[Open Urban Space Zone](#)" in the [Territory Plan](#). As such, there are restrictions on how the land can be used. One objective for this Zone type is to "support a range of recreational and leisure activities as well as protect flora and fauna habitats and corridors, natural and cultural features and landscape character".

Your response will remain confidential and a summary of views received will be published on our [Hall Village and District Community Facebook site](#).
